WEPOS Mould Remover chlorine-free

Description

Easily removes mould, fungal infestation and mould stains. Innovative gel formula with long-lasting effect and deep penetration. Chlorine free and odourless, therefore particularly suitable for bedrooms and children's rooms. Disinfects and protects. removes mould from wallpaper, plaster, masonry, stone, wood, ceramic surfaces, plastic, textiles and leather.

Effect:

Removes fungus formation, mould stains and bacteria without a problem. Chlorine-free and neutral in odour. Disinfects and prevents. Effectively removes biofilms on taps, shower curtains, shower partitions and drains in showers and bathtubs. Gives a brilliant polish to sanitary ceramics and chrome surfaces. Gel formulation ensures long-lasting effect and deep penetration.

Application:

Especially suitable for use in bedrooms and children's rooms as chlorine-free and neutral in odour, as well as in kitchens, pantries, cupboards or refrigerators on all acid-resistant surfaces. For the removal of mould on wallpapers, rendering/plaster, masonry, stone, wood, ceramic for ceramic surfaces, plastic, textiles and leather.

Direction of use:

Spray evenly on affected surfaces, so that a covering film results. Allow to work in for 30 – 60 minutes. In the case of more severe infestation, allow even longer to work in, if possible overnight. Then remove residues with a soft brush or sponge and thoroughly wipe off with a moist cloth or sponge.

Important:

Affected surfaces should not be pre-treated, in order to avoid distribution of mould spores in the air of the room. Always test for tolerability of the surface before use. Do not use on materials sensitive to acid such as marble and chalky natural stones. Do not spray onto plants or metals. If necessary, rinse off with plenty of water. Store in a cool and dark place!
